	G 60ml	T 150ml	C 300ml	B 720ml
<p><b>Tengumai 50</b>   Junmai Daiginjo   Ishikawa   50%</p> <p>Brewed in the shadow of Mt. Haku, this sake is a gift. Acidity blends with a savory undercurrent to deliver an irresistible, semi-dry sake. Chilled.</p>	17	43	85	189
<p><b>Toji</b>   Junmai Daiginjo   Niigata   50%</p> <p>Using Koshi-Tanrei rice, this crafted sake presents a light apple aroma and soft rounded finish. Chilled.</p>	17	41	90	160
<p><b>Gekkeikan Horin</b>   Junmai Daiginjo   Kyoto   50%</p> <p>Horin has a delicately fruity nose, its subtle flavours are well-balanced, and it is exceptionally smooth with a long clean finish. Chilled.</p>	18	45	90	205
<p><b>Dewazakura 'Dewasansan'</b>   Junmai Ginjo   Yamagata   50%</p> <p>The brewers had a hand in developing their own rice varietal, specific for the creation of this sake. Full flavoured, zingy acidity and a soft finish make this a perfect pairing throughout your entire meal. Chilled or room temperature.</p>	15	36	70	176
<p><b>Toji</b>   Junmai Ginjo   Niigata   60%</p> <p>Gohyakumangoku rice helps to bring a more tropical fruit aroma than the Junmai Daiginjo. This will coat the palate more and be more recognisable against stronger umami flavours. Chilled.</p>	13	32	59	125

**Fukuju** | Junmai Ginjo | Hyogo | 60%

Cold fermentation brings a real aromatic character to this fine sake. Stone fruit aroma up front, a rice backbone and dry finish help it balance both delicate and richer foods alike. Chilled.

**18**    **45**    **90**    **190**

**Kenbishi Kuromatsu** | Honjozo | Hyogo | -%

Hailing from the 4th oldest brewery in Japan, the method used to produce this sake is Yamahai. A natural method of fermentation provides this delicious liquid with a more savoury characteristic; think of mushroom, cheese and nuts. Chilled, room temperature or warm.
